# Through the Years

-Rebecca Hammack

Together you have walked the halls  
Of teachers, classes and friends  
And as a way of life is ending  
With graduation life transcends

It's not always been easy  
Each other's shadows you have been  
But as friends you have made the grade  
On each other you could depend

Through the many years you've worked  
To be the best you can  
You've struggled the hard times together  
You're so much further than when you began

With graduation day upon you  
A new life emerges into unknown  
Congratulations on your successes  
May they follow you when you're on your own

# Bishop Fenwick Remembers

## September 11, 2001

*On September 11, 2002, Bishop Fenwick, along with the rest of the United States, remembered the one year anniversary of the attacks on New York City, Pennsylvania, and Washington D.C. After the raising of the American flag, the Pledge of Allegiance, and a moment of silence, the students and faculty proceeded into the auditorium to celebrate the first eucharistic liturgy of the school year.*

# Operation Charlie

In December 2002, members of the Senior Class visited St. Charles' Children's Home in New Hampshire and helped the children celebrate Christmas with a Christmas party and a visit from Santa Claus and his elves. The Seniors played games with the children outside and helped them open their presents. *As you go on in this world...always believe in your dreams. Keep looking forward to the future...to all that might be. Don't let old mistakes or misfortunes hold you down: learn from them, forgive yourself...or others...and move on. Do not be bothered or discouraged by adversity. Instead meet it as a challenge. Be empowered by the courage it takes you to overcome obstacles. Learn something new every day. Be interested in others and what they might teach you. Do not look for who you are in other people's approval. As far as who you are and who you will become goes- the answer is always within yourself. Follow your heart and your dreams and always believe in yourself.*
